PROFILE

Versatile and experienced full-stack developer with over 3 years of experience in PHP, Laravel, JavaScript, React, and Node.js. Proven ability to design, develop, and maintain high-quality web applications. Expertise in building scalable, secure, and user-friendly web solutions. Passionate about creating innovative and impactful digital experiences.

SKILLS

- **Programming Languages:** Typescript, JavaScript, PHP, Python
 - **Frameworks & Libraries:** Nodejs, React, Laravel, Svelte
 - **Databases:** MySQL, PostgreSQL
 - **DevOps:** Git, GitHub, Docker
 - **Version Control Systems:** Git, GitHub
-

PROFESSIONAL EXPERIENCE

Skillz Systems Ltd

Software Developer | 2023

- Developed and maintained MySQL databases for several web applications, optimizing queries for efficiency and performance.
- Utilized debugging techniques and tools to identify and resolve complex software defects in production environments.
- Proactively monitored application performance, identifying bottlenecks and implementing solutions to improve overall efficiency.
- Participated in integration and system testing, collaborating with QA teams to ensure end-to-end application quality.
- Created comprehensive technical documentation including API specifications, user guides for webapps and websites created.

Ullwebs Technologies

Fullstack Developer(contract) | 2023

- Collaborated with designers to create visually appealing and user-friendly interfaces
- Integrated third-party APIs and services to enhance application functionality
- Employed best practices for accessibility and cross-browser compatibility

- Enhanced user experience with visually appealing, high-performance interfaces across devices.
- Ensured flawless functionality through rigorous testing, elevating quality standards and meeting functional requirements.

Swaptify Solutions Ltd**Software Developer | 2020 – 2022**

- **Software Design:** Developing comprehensive software solutions, architecting robust systems, and crafting efficient algorithms and data structures.
- **Database Management:** Designing, modifying, and maintaining databases to bolster software applications, ensuring optimal data functionality.
- **Problem Resolution:** Identifying and swiftly resolving software defects, bugs, and performance issues through systematic debugging and troubleshooting.
- **Documentation Excellence:** Creating and maintaining meticulous technical documentation, including code comments and system manuals for effective knowledge transfer.
- **Collaborative Approach:** Working seamlessly with cross-functional teams, collaborating with QA, UX/UI designers, and product owners to deliver cohesive solutions.
- **Integration and Deployment:** Successfully integrating software components with third-party systems and overseeing application deployment.

Brinq Africa Payment Solutions Ltd, FCT**Network Support Engineer | 2016 – 2019**

- Conducted unit testing to ensure optimal browser interpretation.
- Provided e-business support to commercial banks, leading multiple IT initiatives.
- Managed field support engineers across Nigeria, ensuring POS terminal maintenance.
- Supported and monitored POS terminal transactions on the Electronic Payment Management System.
- Configuration and Deployment of POS terminals.
- Installed anti-virus programs and performed virus removal.
- Improved troubleshooting skills and implemented new hardware, software solutions and networking.

EDUCATION

Bachelor of Banking and Finance, University of Buea, Cameroon | June 2014
